

Why People Connect?

People Connect offers a Full Service Model

Other programs offer direct to consumer therapy but only People Connect wraps the therapy in best practice elements needed for a workplace sponsored plan.

- ✓ Only People Connect offers the employer detailed reporting and analytics. This includes symptom improvements for users.
- ✓ Only People Connect offers a full library specifically for managers, plan sponsors and employees to help introduce mental wellness and for individuals who are looking for validated information.
- ✓ Only People Connect includes a DSM (Diagnostic and Statistical Manual) assessment which is critical for getting the right care; medication and treatment plan.
- ✓ Only People Connect includes psychiatric collaboration, which is critical in providing best practice care and ensures individuals are on the appropriate treatment path.

The initial 30 minute session is always free until employees find the right therapist.
